

REGULATIONS GOVERNING CREDIT BASED SEMESTER SCHEME FOR BACHELOR DEGREE PROGRAMMES IN THE FACULTIES OF ARTS, SCIENCE AND COMMERCE

(Framed under Section 44 (1) (c) of the KSU Act 2000)

Preamble:

The University Grants Commission, New Delhi in its tenth plan guidelines directed the Universities in the country to implement the credit based semester scheme in both under-graduate and post-graduate programmes. The Credit Based Semester Scheme, makes the product of a University at par with the global practices in terms of academic standards and evaluation strategies. In the emerging scenario of Internationalization of Indian Higher Education, it is imperative that the Universities in India should follow this system so that the mobility of their products both within and across the geographical jurisdiction becomes possible. Hence the Mangalore University thought it fit to introduce the credit based semester scheme in its undergraduate degree programmes effective from the academic year 2006-07.

The Salient Features of the Credit Based Semester Scheme:

Each course shall carry certain number of credits. Credits normally represent the weightage of a course and are a function of teaching, learning and evaluation strategies such as number contact hours, the course content, teaching methodology, learning expectations, maximum marks, etc. In the proposed programmes, in general, 2 hours of instructions per week in a semester is assigned one credit. In terms of evaluation, one credit is equivalent to 50 marks in a semester. On these basis, a three year degree programme will have a maximum of 100 credits. The other features of the Credit Based Semester Scheme are

- a) The degree programmes are structured on semester basis.
- b) The relative importance of subjects of study and activities are quantified in terms of credits and also their overall relative importance.
- c) The subjects of study include foundation courses, general studies and interdisciplinary subjects.
- d) The programme permits horizontal mobility in course selections.
- e) The students are required to take part in co-curricular and extra-curricular activities and their participation is compulsory as a part of the credit based system.

Computation of Semester GPA:

The Semester Grade Point Average shall be computed by dividing the sum of the Grade Point Weights (GPW) of all the subjects of study by the maximum credits for the semester. The grade point weights are in turn calculated as the product of the grade points earned in the subject and the credits assigned to that subject.

I Semester Marks:

Subject	L1	L2	O1	O2	O3	FC	CC&EC	Total
Max. Marks	100	100	150	150	150	100	50	800

Semester Aggregate Marks: **649 / 800 = 81.1%**

Semester Alpha Sign Grade: **A++**

Semester Grade Point Average = Total Grade Point Weights / Maximum Credits for the Semester
= 122 / 16 = **7.625**

Calculation of Aggregate GPA:

The aggregate GPA at the end of the sixth semester shall be calculated as the weighted average of the semester grade point averages. The aggregate GPA is obtained by dividing the total of semester credit weightages by the maximum credits for the programme. An illustration is given below.

Semester	I	II	III	IV	V	VI	Total
Total Marks / Semester	800	800	800	800	900	900	5000
