1) Purpose/Object of the MoU: To establish ties of consultancy and research co-operation in order to contribute to the achievement of their overall goals as public institutions of higher education and research. This agreement seeks to create a multi-disciplinary, multi-level relationship between the aforementioned institutions. To achieve these goals, Kanachur Institute of Medical Sciences & Mangalore University will investigate opportunities in the following areas, insofar as the means of each allow:

- Facilitate professional consultancy of medical practitioners, researchers and faculty in ventures mutually beneficial to both partner institutions, such as

professional counselling services, health camps, screening camps, training, skill development etc., involving stakeholders in both institutions.

- Promote institutional exchanges by inviting faculty and staff of the partner institutions to participate in a variety of teaching, research, consultancy activities and services, and professional development.
- Development of joint scientific, social, and technological research projects
- Receive students of the partner institution for periods of research or service. It is understood that acceptance of any students will be at the discretion of the institution providing the learning experience, and that any visiting student will be responsible for his/her own living expenses and will, at all times, be subject to the policies and regulations of the supervising school and community.
- Organize symposia, conferences, short courses and meetings on research and academic issues.
- Exchange expertise, utilize infrastructure at nominal cost and share information pertaining to research at each institution.
- Any other activity of mutual interest regarding academic, scientific and social research matters.

2) Implementation of the MoU

The specific research and consultancy activities to be carried out under this MoU will be mutually agreed upon at the time of implementing the specific program. The research plan between both institutions will specify their objectives, conditions and ways of execution, period of research with reference to both the institutions. It is specifically agreed between the parties that to achieve the goal mentioned herein

above separate agreement/s will be entered between the parties describing various acts to be performed by the parties, duties, responsibilities, financial obligations, confidentiality, tax liabilities etc.

Term & Expiry of the MoU:

The MoU will be effective on the date it has been signed by both parties, and it will be in effect for a period of five years (5 years). The MoU can be renewed for additional five years (5 years) period by mutual consent of the parties. A letter stating the intention of renewing this agreement by both institutions will formalize this renewal process. Both parties reserve right to terminate this MoU upon written notice given six months (6 months) prior to the termination date becoming effective. In the case of termination of this MoU, projects which have been initiated during the time this agreement was in effect shall continue with full support of the respective institutions until their completion.

Amendment:

It is hereby agreed that by mutual consent both parties can amend, alter, modify various clauses and terms of this MoU.

Confidentiality:

Both parties agree to maintain the confidentiality of any proprietary information shared during the course of this MoU
