OBC CELL

Welfare Initiatives for Other Backward Classes and Minorities

The University established the Other Backward Classes (OBC) and Minorities Cell in 2005 with the primary objective of supporting the welfare of Other Backward Classes (OBC) and minority communities within the academic and administrative framework.

Main Objectives of the cell are:

To gather and circulate reports, government orders, and UGC decisions regarding the education, training, and employment of OBC individuals.

- To assist OBC students and employees in applying for posts within the University by the stipulated deadlines and to follow up on these applications as needed.
- To maintain a comprehensive record of OBC students and employees, including demographic data and employment status.
- To serve as a grievance redressal mechanism for OBC and minority students and employees, addressing their concerns and providing solutions.
- To raise awareness about the grievance redressal process, government and non-government scholarships, and other schemes available to OBC and minority students.

A significant initiative of the OBC Cell was the procurement of books related to competitive exams and other academic subjects, funded by a one-time grant of ₹5 lakh from the Government of Karnataka. These books are available in a separate section of the main library, specifically for OBC students to support their academic and career advancement.

Through these efforts, the OBC Cell continues to strive for the upliftment and empowerment of OBC and minority communities within the University.

Post-Matric Scholarships from the Central and State Governments are available for eligible OBC students towards maintenance allowance, academic allowance, and tuition fee reimbursement. Eligible OBC students are required to submit their applications online for Central/State scholarships or financial assistance through the National Scholarship Portal (NSP) or State Scholarship Portal (SSP).

Students having any kind of grievance may represent their grievances to the OBC Cell. They may download the Grievance Appeal Form from the University website, fill in the grievance details, and send the duly filled form to the Coordinator through e-mail.
