RONALD ANIL FERNANDES said, “India is having great youth power, to achieve the goals they need motivation from others”. He opined, there are 2 main reasons for unemployment. Firstly, gap between industry and academia and secondly taking up a course without proper knowledge. He said career guidance cell of any institute will surely help in bridging the gap between the industry and academia and also provide proper knowledge to the students. Passing of KAS exam in coastal region is least, the reason is candidates of southern region assume trying again and again is a failure, while it is considered as inspiration by the candidates of northern region of Karnataka. Utilizing opportunities and competence makes a smart performer says Univ VC

Media Release (<https://www.newskarnataka.com/author/media-release>) | Mar 05, 2021 04:11:57 PM (IST)

Mangalore: Every incident of joblessness can in some way be attributed to the lack of career guidance or misalignment of education and career goals, said KPSC Member, Dr Ronald Anil Fernandes.

Addressing the gatherings after inaugurating the 'MERAKI', the career day organised by the University Employment Information and Guidance Bureau (UEIGB) at Mangala auditorium of Mangalore University on Friday, he expressed concern over unemployment and said, 'In Uttar Pradesh, according to a media report, 3700 PhD holders, 28,000 PG holders and 50,000 graduates applied for 62 peon posts, which is appalling. The health of the economy is really alarming'.

He further stated that 36 crore youth, 27.5 % population of the country belong to the age group of 15 and 29. In Karnataka 1.7 crore youth fall in this age group. Post pandemic getting a job is a difficult task. While many have been doing a part-time job and others forced to take up jobs unrelated to what they studied at college.

Meanwhile, he added that there are many examples like Bill Gates (Microsoft), Steve Jobs (Apple), Mark Zuckerberg (Facebook), Elon Musk (Tesla) and many others, who proved that graduation is not important to become successful entrepreneurs. Exposure to vocational education in all schools and colleges, which may be with industry training may help.

Explaining the importance of competitive exams, he said that out of 2,123 candidates who appeared for the interview in 2020, only 7 were from the coastal region. Never give up approach, good coaching centres and readiness to work anywhere is very important to overcome this problem.

"Failure is not the end and it increases our capacity. Willingness to perform, utilizing ample opportunities and developing competence, being a smart performer is the key," he added.

Registrar (Administration) K Raju Mogaveera (KAS) opined that the university campus should prepare students for their life. Also hoped to develop a sophisticated competitive exam training centre at the university. UEIGB Chief Dr Preethi Keerthi D'Souza explained the activities of the bureau and urged students to utilise the opportunity under UEIGB.

Bantwal Tahsildar and Taluk Magistrate SR Rashmi and IDP Education India Private Limited Senior Executive Shijomon Yesudhas were present among others. UEIGB Deputy Chief S J Hemachandra (KES) conferred a vote of thanks.
